

Doll-Making Workshop with Cynthia Davis

Join Ms. Davis to create dolls for the Dolls of Hope project, or keep them for yourself. Cynthia is an HIV/AIDS specialist at Charles Drew University of Medicine and Science. She may send the dolls we make all over the world to support children in families living with HIV/AIDS. In the past, she has included several African countries, as well as Alabama or Compton, closer to home. She may sell them to fund HIV-prevention projects. The hand-made dolls are widely know and were recently featured at the Friends of William Grant Still Arts Center in Los Angeles

**Please Join us for this special project
from 10:00 am-1:00 pm,
on Saturday, April 10
St. Bedes, Luther Hall
